Dear Parents/Guardians,

During the time away from school we are assigning work that must be completed. We are doing this is so your scholar can continue their education. This will count toward your scholars' grade in ELA and Mathematics.

Please have the scholar visit [www.usatestprep.com](http://www.usatestprep.com). From this screen they must click on the orange button that says "Login." They should already know their login username and password. However, the attached ID cards show their information to log in. Once they have logged in they will see a list of assignments they need to complete.

They must complete ALL assignments with accuracy scoring above an 80%. If they score is below, they must redo the assignment until they reach a proficient grade. To the right is the list of assignments and the date they are due.

Please contact your teacher if you are having any questions or concerns and they will assist you. If you cannot access the internet let us know immediately.

*(Science is only for 5<sup>th</sup> Grade)*

Thank you.
